

To:  
ENTREPRENEUR WITHOUT BORDERS  
THROUGH  
PASTOR ERASTUS KAVUTI

Dear Sir,

RE: ONE LAPTOP PER CHILD PROJECT

Thanks for showing interest in us. We are a mixed Secondary School (Boys and Girls) with a total population of about 250 students located at Tulia in Kitui- Kenya.

We are very excited to learn of your concern about us through Pastor Erastus Kavuti who shared the One Laptop Per Child project with us.

For a long time the school community has desired to have computing skills and we will highly appreciate your partnership in providing this grant.

The school has two secured vacant rooms supplied with electricity to cater for the project materials. We are ready to handle the laptop packages. We pledge to assist the OLPC team in all logistical advice and safety matters to the best of our ability.

We look forward to working and co-operating with your team and Branch officials.

Yours faithfully  
Mrs. Peter A. M  
Principal.
