

# One Laptop Per Child

1

## Health Jam

A three day event for working on OLPC Healthcare projects and learn how you can continue to contribute to the One Laptop Per Child project and other Global Health Projects

### Friday 18th

Health Sciences Building T-Wing Room T473

#### Introductions and History of OLPC

6:00 PM - 9:00 PM

Seth Woodworth and Mel Chua of OLPC explain the history, technology and goals of the One Laptop Per Child project and how important our Health Projects are to these children.

### Saturday 19th

Health Sciences Building T-Wing Room T473 and T531

#### Introduction to Non-Technical OLPC Health Projects

9:00 AM & 2:00 PM

Seth Woodworth and others take turns overviewing the numerous non-technical OLPC Healthcare projects that anyone can get involved in.

#### Introduction to Technical OLPC Health Projects

10:00 AM & 3:00 PM

Mel Chua and others take turns giving an overview of the Hardware and Software Health Projects of OLPC

#### Open Source Medical Records Systems

11:00 AM

Drew Einhorn of WorldVistA explains his Medical Records System

#### Low Cost USB TeleHealth Device

1:00 PM

Mel Chua and others explain the goals and design of the current low-cost telehealth device for remote diagnosis and biometric logging.

### Sunday 20th

Health Sciences Building K-Wing Room K069

#### Upcoming OLPC Events

11:00 AM

Iain Davidson will talk about the upcoming Linux Fest Northwest and how you can learn more about Linux and OLPC

#### Ongoing OLPC Events

1:00 PM

SeaXO, the local user group for the XO Laptop, will introduce their group and invite participants to their monthly meetups
