What is OLPC France?

- French grassroot born in 2008
- About 40 members today
- Mission:
 - Communicate on the OLPC project
 - Content: Build or adapt french content for Sugar
 - Community: animate a community of french people interested by the OLPC project
 - Support: Support french deployment
- Monthly meeting: about 10 people each time
- Web presence: wiki, blog, Dailymotion, Facebook, twitter, ...

Nosy Komba pilot

- Each year since 2009
- 160 XOs, 1 XS
- Teacher training, Antitorona primary school saturation
- Malagasy translation attempt (about 30%)
- 2011 project:
 - Internet connection using WiFi Long Range
 - New content: ebooks, Madagascar activity (see below)
 - Evaluation: "2 years later: what change at Antitorona?"

Madagascar Activity

- Wikipedia extract on Malagasy cultural, geography, history, ... (about 40 pages)
- Lessons sample to be used by teacher in the classroom

E-book library

- ebooks Library build as a XOC file
- About 100 ebooks coming from:
 - Gutenberg project
 - Agreement with french editors
 - Agreement with a Malagasy editor
- First version (12 ebooks) deployed at Nosy

Komba in 2010

« The XO in the classroom »

- Translation of the famous Peruvian book " from Sdenka Zobeida Salas Pilco"
- 8 month work with a collaborative team of 10 people
- Use of tool: OmegaT and OpenOffice
- Ready to print in March 2011

« A toi de jouer » Activity

- Authoring environment for children
- Idea: illustrate poems with music, sounds and animated characters
- To be used by disadvantaged students in the south of France
- Will be used with a Sugar VirtualBox USB Key
- Partnership with the Fondation Carla Bruni Sarkozy

Disassembly carpet

TT MT

- *Activity with steps of each photography for XO disassembly
- Carpet with outline of each part
- Design by two students of the ENSCI school (Design school)
 - Hope to see a first PDF version in few weeks
